A wide-angle photograph of a university campus. In the foreground, a paved walkway leads through a landscaped area with young trees and mulch. Several students are walking along the path, some carrying backpacks. In the background, a large brick building is visible, partially obscured by mature trees. A banner for Angelo State University hangs from a pole. The overall atmosphere is bright and sunny.

I received a job offer prior to graduation from San Angelo Community Medical Center in ICU. ASU opened the door to my first professional position by allowing me to do clinical work there during school and giving me the right path and contacts to benefit me the most.
